

CHAPTER 101

SWEETENING PRODUCTS IN FOOD

S. F. 205

AN ACT relating to the sale of food containing saccharine, sulfamate, or other approved sweetening products.

Be It Enacted by the General Assembly of the State of Iowa:

1 SECTION 1. Section one hundred ninety point three (190.3), subsection five (5), Code 1950, is hereby amended by striking from line one
2 (1) the word "saccharine".
3

1 SEC. 2. Where any approved artificial sweetening product such as
2 saccharine or sulfamate is used by any person in the manufacture or
3 sale of any article of food intended for human consumption, the container in which any such food or beverage is sold or offered for sale
4 to the public shall be clearly, legibly and noticeably labeled with the
5 name of the sweetening product used. The portion of the store, display counter, shelving, or other place where such food or beverage is
6 displayed or offered for sale, shall be clearly and plainly identified
7 by an appropriate sign reading "FOR DIETARY PURPOSES".

9

Approved April 29, 1953.

CHAPTER 102

MARKET MILK

S. F. 143

AN ACT to amend section three (3) of chapter eighty (80), Acts of the Fifty-fourth (54th) General Assembly (H. F. 483) relating to the handling and sale of market milk.

Be It Enacted by the General Assembly of the State of Iowa:

1 SECTION 1. Section three (3) of chapter eighty (80), Acts of the
2 Fifty-fourth (54th) General Assembly, is hereby amended by striking
3 from lines forty-five (45) and forty-six (46) the words: "procedures
4 approved by them for the control of Brucellosis" and inserting in lieu
5 thereof the following: "three following plans of control:".

6 Plan A. Test annually all cattle more than eight (8) months of age
7 except steers and official calfhood vaccinates until thirty-six (36)
8 months following date of vaccination. Slaughter all reactors, with indemnity payments as provided by State and Federal regulations. Official
9 calfhood vaccination to be optional with the herd owner.

10 Plan B. Test annually all cattle more than eight (8) months of
11 age except steers and official calfhood vaccinates until thirty-six (36)
12 months following date of vaccination. All reactors are to be identified
13 and quarantined on farm provided that the owner may at his option
14 retain such cattle for breeding purposes in accordance with the rules
15 and regulations of the Department. If a calfhood official vaccinate
16 reacts, the animal may be quarantined on the farm and retested within
17 sixty (60) days at the owner's expense. Official vaccination of all female
18 calves, between the ages of four (4) and eight (8) months.
